Assistant Principal

Supply List for Grades 3, 4, and 5

The items listed below are for all three grade levels. Individual teachers may have additional items that they will request students to bring to school. If so, the teachers will provide a list of those items at our Meet Your Teacher Orientation on Thursday, August 4th, between 3:00 – 6:00 in the afternoon. We realize that many families are experiencing challenges during these tough economic times. For that reason, we have distinguished between those items that are essential and those that are optional. If you are able to help with optional supplies then we will be very appreciative. If you are unable to help with the optional supplies, then please do not worry about them, but instead, just do your best to get the essential supplies. We look forward to a great school year. Remember, at CES, We Expect Success!
